

A Children's Class

at Howard County Library System

Children's Class

Class is a lot of fun!
The children's instructor reads books and leads us in rhymes, songs, and dances.

Children's Class Expectations

- I try to sit quietly with my adult while the children's instructor is reading. There will be plenty of time to talk and play when class is finished.
- When it is time to sing and dance, my adult and I both join in!
- I remember to be nice and friendly with all the other children during class.
- When we follow directions, everyone has fun and learns in class.

Crafts and Games

Sometimes we make projects to take home with us or play games during class.
